Yes. Good idea.  
Should the three of us talk first?  
I will be working at home tomorrow and will be available to talk.

Should we have a call with at least NH to discuss next steps?

## Enforcement Sensitive: Do Not Release

Dear Bev, Knatalie and Bruce:

The attached Plans are drafts that EPA was given yesterday by Marc Pinard, Esq. of Brady Sullivan. Also attached is a copy of the presentation by Teresa Bowers, who represents Gradient of Cambridge, MA. She is an environmental consultant who was recently hired by Brady Sullivan to assist on the Brady Sullivan Mill West lead issues.

Please kindly review the Plans and submit any suggested edits and/or comments to me and I will relay these to Andrea Simpson, EPA case attorney.

Thank you.

Sincerely,

Molly Magoon
